

What did the gingerbread man see on his journey?

An ingredient =
Something we eat
that can be
combined to make
something else.
Equipment =
Something we use
to help prepare the
food.

How to be safe in the kitchen:

- Always wash your hands
- Tie up your hair if it is long
- Move carefully around the kitchen - no running!
- Do not touch the oven or anything hot
- Ask an adult to put things in the oven, remember not to touch.

The properties of a good raft include:

It can float.

It is waterproof.

It isn't too heavy.

It is big enough to hold your object.
